Name of card holder:		
Card holder email address:		
Type of card:		Amount:
Credit Card #:	*V-code#	Expiration date:
Card holder signature:		

The Office of the Registrar accepts **VISA, MasterCard** and **American Express** only

\* What is a V-Code?

The CVV2 is a 3 or 4 digit value printed on the card, but not available on the magnetic stripe. **MasterCard** and **Visa** Cards have a **3 digit code**, called the "CVC2" (card validation code) or the "CVV2" (card verification value). It is not embossed like the card number, and is the final group of numbers printed on the back signature panel of the card. **American Express** cards have a **4 digit code printed on the front** side of the card above the number, referred to as the "CID", or Card Identification Number. It is printed flat, not embossed like the card number.
