

**Summary of the Double-Counting Rules for Majors and Minors in WCAS. This table shows rules from the 2010-2011 Undergraduate Catalog; other rules may apply for other years.**

\* As a general rule, WCAS **distribution requirement courses** may double-count with a WCAS major's "department/program" courses and related courses as well as with courses used to fulfill the requirements of a minor in WCAS.

\* **Related courses** for a WCAS major may double-count with another WCAS major's "department/program" or related courses and/or with courses required for a WCAS minor.

\*In general, **department/program courses for a major may not be double-counted toward a minor**, but a few minors are exceptions to this rule. Please refer to the bottom of this table for a list of minors allowing double counting.

\* A course cannot double-count toward requirements for two WCAS minors.
