

FINAL EXAMINATION SCHEDULE

- Students must arrange their class schedule to avoid conflicts, and must not register for classes which result in two examinations at the same time. Additionally, students should not register for courses that result in three examinations on one day. Anyone registering for such a program will be expected to take the examinations as scheduled.
- Examinations will be held in the room where the lecture section of the class regularly meets unless otherwise announced. If the class meets in different rooms at different times, the room used by the earliest class meeting in the week determines the exam room.
- Evening courses (courses meeting at 5 PM and after) have examinations on the first regularly scheduled meeting time during final exam week in the regularly scheduled room, unless otherwise announced.
- Final examinations for day courses not included in the schedule will be arranged by the instructor before the end of the second week of class.
- No extensions of the lunch hour can be made in the residence halls. Students should arrange for lunch.

The following courses have examinations out of their normal sequence. Most are departmental examinations, or the exam has been moved. The instructors will announce room assignments for these examinations.

To determine date and time of examination, the hour and days of the class *lecture* should be used. For example, a course scheduled during the quarter at 2:00 PM on M.W.F. will have its examination on Wednesday, December 9 at 9:00 AM. If a course meets for a two-hour period, the time of the examination is determined by the first hour. If a course meets at different times on different days, the exam time is determined by the earliest class meeting in the week.
