A class may not be counted towards more than one foundational area at the same time; if a class appears on more than one foundational area list on this document then the student may determine in which area to apply the credit.

Courses completed with grades of P cannot be used for most degree requirements. For foundational disciplines the maximum is two units, each in a different foundational area and subject to additional limitations, so plan carefully if you sign up for a foundational discipline course under P/N grading.
